AUMSVILLE CITY COUNCIL

Minutes – August 9, 2021

Mayor Derek Clevenger called the meeting to order at 7:00 PM. Council present in person were Councilors Nico Casarez, Angelica Ceja, Doug Ecclestone, Scott Lee, Della Seney, Walter Wick, and Mayor Derek Clevenger via Zoom Conference call. Council absent: None. City Administrator (CA) Ron Harding and City Clerk (CC) Colleen Rogers were also present. The meeting was video recorded to be released later.

AGENDA APPROVAL: Councilor Casarez moved to approve the agenda as presented. Councilor Seney seconded. Motion APPROVED 7-0: (Yes: Councilors Casarez, Ceja, Ecclestone, Lee, Seney, Wick, and Mayor Clevenger. No: None.)

PRESENTATIONS: Oregon Heritage Commission – Corn Festival Designation

Oregon Heritage Commission Chair Anne LeVant Prahll presented the Corn Festival designation as an Oregon Heritage Tradition. She commented that there are only 26 events with this designation. Our festival joins other great Oregon events such as the Pendleton Roundup, the Great Oregon Steam Up, Cannon Beach Sandcastle Contest, and the Portland Greek Festival. Chair LeVant listed some of the criteria that the event had to be met: continuous operation for 50 or more years; it must have a public profile and a reputation that distinguishes from other more routine events; and it must add to the livability and identity of the State of Oregon. The Corn Festival easily met the criteria for this prestigious designation. The commission was particularly impressed that throughout the 53 years of the Corn Festival it has never swayed from its original emphasis on corn. It has always been the focus of the festival and continues to keep the area's corn heritage alive.

CA Harding thanked the Oregon Heritage Commission and recognized that for 53 years there have been a lot of community volunteers that built the festival and worked very hard to keep the tradition alive. He also wanted to thank staff member Elaina Turpin who worked with the commission in applying for the designation.

VISITORS AND PUBLIC COMMENT: There were two online attendees and there was no public comment. Login information was provided for members of the community to make public comment at this time and listen to the discussion.

CONSENT AGENDA: Council reviewed the July 26, 2021 Council meeting minutes. Councilor Seney moved to approve the consent agenda as presented. Councilor Ceja seconded. Motion APPROVED 7-0: (Yes: Councilors Casarez, Ceja, Ecclestone, Lee, Seney, Wick, and Mayor Clevenger. No: None.)

PUBLIC HEARING: None

OLD BUSINESS: None

NEW BUSINESS:

CAAKES Unlimited Contract – Skate Park Competition. CA Harding state this is the contract with the company that will be hosting the skate competition that is scheduled on Friday, August 20th, during the day before Party in the Park. Councilor Lee moved to accept the agreement for Caakes Unltd. to host a skate competition in Mill Creek Park on August 20th, 2021. Councilor Ecclestone seconded. Motion APPROVED 7-0: (Yes: Councilors Casarez, Ceja, Ecclestone, Lee, Seney, Wick, and Mayor Clevenger. No: None.)

DLDC Grant Draft Letter of Support – CA Harding explained that this letter of support is part of the requirements to apply for grants and open up opportunities for funds that are available for smaller cities, and it was discussed. Councilor Casarez moved to approve submitting the letter of support to the Department of Land Development and Conservation (DLDC) regarding our application for grant funds for our Urban Growth Boundary (UGB) expansion as presented by staff. Councilor Wick seconded. Motion APPROVED 7-0: (Yes: Councilors Casarez, Ceja, Ecclestone, Lee, Seney, Wick, and Mayor Clevenger. No: None.)

City Administrator Report: CA Harding recognized Public Works staff for all their hard work outside of their normal jobs. He thanked them for the hard work on the community center kitchen, the business village at Porter-Boone Park, and all the preparation leading up to Corn Festival. Along with all of that they also had to deal with a couple major breakdowns in our operating systems. He also thanked Pacific Power Foundation for the grant to help with the community center project. CA Harding updated Council on some of the other projects that are in process: the dog park is open, grass, trees, and benches coming; working on installing the ADA swing at Wildwood Park; and Maude’s village at Porter-Boone Park is close to being done. He updated Council on the Corn Festival planning. He stated that overall, we are on track and will be ready.

Council discussed National Night Out and gave KUDOs to the Aumsville Police Department for making it fun for the kids and making it a successful event.

MAYOR/COUNCIL REPORTS AND INITIATIVES: Mayor Clevenger updated Council on his travel schedule. There was a brief discussion regarding the mask issue for school children. Mayor Clevenger suggested that Council send a letter on behalf of our community to our State Representatives in support of local school district having the authority to make decisions

regarding mask. After a brief discussion Council concurred that staff would create the letter for the Mayor Clevenger to sign and send a copy to the School Board.

GOOD OF THE ORDER: Councilor Ceja announced that Mayor Clevenger recently was awarded the Distinguished Leadership Award at the Oregon Mayor’s Association Conference. She cited some of the reasons that they chose him to receive the award such as; helping families in need, making Council meetings even when in service out of the country, and the work he did with the ice storm and fires last year.

DISCUSSION ITEMS

- 1. COVID-19 update:** The accumulative number for the Aumsville area zip code is 493 for positive cases, this is an increase of 18 over the course of the last reporting. 67 new cases in the past two weeks. The cases are along trends with other cities. The new Delta variant now accounts for 100% of all new cases and is impacting all age groups including younger children. The average daily cases across Oregon are over 2000 and the average daily count in Marion County is around 200-250. These cases are the highest number we have seen consistently since the pandemic began. Obviously, we will follow state guidelines, but I am also approving operational policies within the city to limit exposures and reduce risk to city staff and continuity of operations. City services remain open and fully functional.
 - 2. Grants:** We did receive notice this week that the city received a \$6,000.00 grant from Pacific Power Foundation for Maude's village. This will assist with additional costs associated with the inflationary cost of materials since the project began. The project is almost complete as we will be painting and installed electrical throughout the building. Later in the spring, we will add some additional landscaping. We have a number of grant applications submitted so were hoping this will be another good year.
 - 3. Winter Storm work:** We have completed most of the recovery work from the winter ice storm and worked with FEMA under the emergency declaration to recover some of that cost. FEMA is still processing our claim and it's under review, but we should recover 75% of our total cost which is around \$86,000. I expect to see this return in the next 60 days.
 - 4. Audit:** We are working on our annual audit right now. The in-house portion is scheduled for next week 21st of September. We have been working to prepare all the pre-audit work. I am confident the city is running smooth, and the audit will show good stewardship of the city funds and process.
 - 5. Corn Festival:** I am reporting on the Corn Festival events that include the skate competition, Party in the Park, the parade, and the Corn festival. We had a very successful festival and were able to gather lots of information. I have a preliminary presentation tonight and will finalize more information at our next meeting.
-

Most of the additional details for city projects are also included in the Public Works report and or the Police report. We are still finishing up some community projects but have a large list of large city projects that we are working on with our city engineer. We will continue to work on them throughout the year as we have a very busy year ahead of us. I received notice from Business Oregon that the 2.5 million dollars is in their control, and we will be working on a contract with them. We have a lot to do to get this project completed and out to bid. This is ARPA funds so there are several hoops to jump through. We also have a number of active projects that our engineer is working on, but it's been slow with shortages in the workforce and increases in projects related to ARPA, Covid, and just progress. We have also been replacing some aging systems and failed equipment this year using the repair line items within our approved budget.

Aumsville August 2021 Monthly Police Report

DEPARTMENT MESSAGE:

The reserves worked a total of 75 hours during the month of August 68 volunteer hours and 17 paid hours.

We would be happy to announce we have hired David Pittman as our newest Reserve Officer. Reserve Officer Pittman comes to us from the Oregon National Guard, where he has served for 29 years. Reserve Officer Pittman hails from Canby and is married with 5 kids. Please join us in welcoming him to our community.

I am happy to report there were no problems with the Party in the Park event and the Corn Festival went smoothly as well. Thank you to all the police personnel and organizations that assisted with parking and other related activities.

Last, as we move into September, we would like to remind our citizens that children are returning to school and will be walking and riding bikes. Please take extra care in watching out for them as they make their way to and from school.

Water: The wells pumped as follows:

Boone #1	Boone #2	Tower	Reservoir	Church	Total
1,800,200	5,472,000	2,300,000	489,000	10,019,900	20,081,100

The Boone Well#2 booster pump failed last month during our time of highest water use. Our contractor was available to replace the pump and motor within 10 days. We watched our water levels carefully and we did stay in good shape through this time frame.

The crew has replaced 3 leaking water service lines and 2 water meters that the freeze plates were leaking, this last month.

One of the million-gallon booster pumps has a seal that has failed and we are working on getting this repaired.

Sewer: We have received our new DEQ NPDS discharge permit. It becomes effective October 1st. Lab testing will double along with additional requirements.

A new chlorine generator was installed at the sewer plant. This is a big improvement over the last one.

Streets: The landscape irrigation at 1st and Main St is getting redone in places for better coverage and help with plant survival.

Flags and flowers have been taken down now. New flags have been ordered to replace them.

Parks: The village project continues to move along. Waiting on our roofing contractor to get that done. Paint is coming soon.

The handicap swing is to be installed this week with a temporary sign until the sign shop gets the permanent one made. This took longer than expected due to this being the first time we have worked with the rubber mat surfacing and making sure that it was installed correctly.

General: This has been a very busy summer for the crew. A lot of extra work had to be done to continue the ice storm clean-up, water fountain, park electrical installation, cornfest, and village work.
