- 8/28 Angry Birds

MOVIES START AT DUSK

Porter-Boone Park
1105 Main St. Aumsville

Events Pending COVID Regulations

CITY EVENT UPDATES

EASTER BUNNY VISITS

The bunny had a blast visiting Aumsville residents. Starting at 9:30 AM the bunny, with his police escorts, drove through town to deliver goodies and joy. Our bunny minder posted turn by turn as we drove through town. There were over 500 goodie bags distributed in town.

We want to thank all our volunteers incl: Karissa Atiyeh, Brenda Turner, Councilor Nico Casarez, Meghan Bridges, and Randy Turpin. We'd also like to thank the Aumsville Exchange Club for their assistance putting together the goodie bags.

Thank you to Public Works for building the bunny float and extra special thanks to our Easter Bunny!

CORN FESTIVAL 2021

Dust off your best outfit and get out your best dancing shoes. The city is planning Corn Festival this August! The theme is "All Dressed Up and Nowhere to Grow." Beginning Friday, August 20th at 6pm in Mill Creek Park, the kickoff event is beer and wine garden, food, and featuring The Pendleton Highway Band. While we do not have a crystal ball that can tell us what the event restrictions will be in August, we are expecting to make this the best event ever! Dress up in your best evening gown or your best blue jeans; it is up to you.

On Saturday we are planning our traditional Corn Festival beginning with a parade. Our theme for 2021 pays homage to the entire year of 2020: "All Dressed Up and Nowhere to Grow." We will start accepting parade applications on May 15th. You can find the applications on the website starting in May at:

<https://www.aumsville.us/events/page/corn-festival-information>

Then the event will continue to Porter Boone Park for corn, games, and lots of vendors. We will be accepting vendor applications this month. The applications are available online at the above webpage. Vendors will be required to follow the state guidelines.

Start planning your booth or parade entry now. We will announce prizes and more details in future editions of the newsletter and on our website.

SATURDAY MARKET 2021

Starting in 2021 the Saturday Market will be going to every Saturday! It will start on June 26th and run through September 11th, only taking a break on the Saturday of Corn Fest. (You can sign up for a vendor space at Corn Fest too!) The current plan is to hold the market in Mill Creek park. We are excited to expand this event. It's grown in vendors and visitors since it started in 2012 in the City Hall parking lot. Now we have anywhere from 25-40 vendors an event. Covid took a hit to those numbers in 2020, but we have high hopes for 2021 getting back to business.

Calling all Food Truck lovers: we're taking food vendor applications right now! Let your favorite mobile food operator know you would love to see them in Aumsville this summer! We're also looking for crafters, artists, farm produce, gardeners, and more.

Vendor applications are available online at <https://www.aumsville.us/events/page/aumsville-saturday-market> or you can swing into City Hall and pick one up. Give Colleen Rogers a call at 503-749-2030 or email at crogers@aumsville.us for more information. We already have 8 vendors registered for our first Saturday. We'd love to see you there! Like us on Facebook www.facebook.com/Aumsville4U

2021 SUMMER DAY CAMP AUMSVILLE ADVENTURES

**Friday programs are Noon to 2:00 PM
and include lunch and a snack.**

We're excited to begin our 12th year of fun summer programming for children ages four through eleven. Due to the Coronavirus: kids will need to be pre-registered to participate this year. You can email eturpin@aumsville.us for more information. Following the Governor's Executive Order there will be limitations on the number of youth that can participate. Parents cannot stay with children this year.

Activities and Crafts

- June 25: Planting and drawing trees
- July 9: Tree ornaments
- July 16: Pots and plants
- July 23: Wind chimes and treasures
- July 30: Air adventures and frames
- August 6: Eye in the sky and flubber
- August 13: Tents and door hangers
- August 27: Bird feeders and leaf rubbings

CASCADE SCHOOL DISTRICT UPDATES

On April 20, the Cascade School District transitioned from hybrid to its "Every Student. Every Day" model. All K-12 students are in person at school five days a week.

This move came after Governor Kate Brown and the Oregon Department of Education announced that students in classrooms only required three feet of social distancing rather than six. Six feet is still the required distance for eating, physical education, recess, music, and other activities where more students rotate through.

"Our students have made tremendous progress coming to school on a more regular basis," explained Darin Drill, Cascade School District's superintendent. "We wanted to build on what we were doing and continue to offer more opportunities for students. Our safety team has worked hard to make sure our buildings and protocols meet the state requirements to keep everyone as safe as possible while at school."

The district will continue offering an online-only program for those families who are not comfortable with in-person

learning, or who have found success with distance learning.

As the district starts to prepare for the 2021-22 school year, Cascade announced some administrative changes.

The current high school principal, Matt Thatcher, will be taking on a new district-wide position as director of education. He will oversee curriculum, instruction, assessments, and professional development. He will also be responsible for the district's AVID and TAG programs.

Pete Rasmussen, the current junior high principal, will take over as the high school principal.

"Both Matt [Thatcher] and Pete [Rasmussen] have served our district for many years," said Drill. "I expect them both to be successful in their new roles and continue making a positive impact on our schools and community."

Thatcher and Rasmussen will start their new positions on August 1. The Cascade School District will begin the interview process for a new Junior High principal.

STATE REPRESENTATIVE'S REPORT

Hello –
At the time of this writing, the cherry trees on the Capitol mall have begun to create beautiful pink snow and the House has returned to daily floor sessions. Committee work continues with the House

committees now scrutinizing work done by the Senate. Mid-May brings the second chamber deadline when again, more bills will die. The first chamber deadline behind us and the second chamber deadline looming.

We are hard at work on the floor of the House passing pieces of legislation. HB 2508 received immense bipartisan support and makes telehealth visits an option for patients whose ailments can be addressed via video. During this COVID19 culture telehealth visits for mental health concerns have been tremendously valuable. Other notable pieces of legislation recently passed include HB 2006 which addresses homelessness, and HB 3178 which includes a technical fix for those on unemployment as a result of the continued shutdown of our businesses. These three pieces of legislation relate directly to the circumstances we are experiencing in this COVID19 culture.

We remain under the Governor's Executive Orders per-

taining to the COVID19 pandemic. You may recall my priorities for this session are to help bring relief to Oregonians who have been impacted by the pandemic, lost jobs, wildfires, and the ice storm. To ensure our schools are fully reopened, and for those individuals desiring a vaccine they may obtain one. Until our businesses are fully operational, our students are back in school 5 days a week, and we complete delivery of voluntary vaccines our work in the legislature should focus on relief and recovery for Oregon.

The final public hearings on Redistricting took place in mid-April. The Oregon Supreme Court granted the Legislature an extension on its constitutional deadline for submitting new legislative and congressional district maps due to census results being released late by the federal government. Now is the opportunity for Oregon to commit to a non-partisan and transparent redistricting process.

In the interim if we can be of help to you as you navigate your state government please call or email. My door is always open and my staff, Pam McClain, Lena Prine, and I welcome your participation. **As your state representative, I am here to listen, respond, and lead.**

All my best,
Raquel Moore-Green, Representative, HD19 South Salem, Turner, and Aumsville Phone: 503.986.1419

EVERY Saturday!

2021 SEASON

June 26th – Sept. 11th

Calling all Food Truck lovers!

Let your favorite mobile food operator know you would love to see them in Aumsville this summer! We are taking Food Vendor application this year as well as crafters, artists, farm produce, gardeners, etc.

Like us on Facebook www.facebook.com/Aumsville4U Or email crogers@aumsville.us

Vendor applications are available at www.aumsville.us/events/page/aumsville-saturday-market

IN YOUR COMMUNITY

AUMSVILLE RURAL FIRE PROTECTION DISTRICT

Good Day Neighbor,
The annual budget process is underway. The AFD operates like most government agencies on a July/July Fiscal Year. A budget committee

has been appointed and is reviewing the proposals.

The AFD is waiting for results of several grant requests. One such request is for a temporary building to be placed on the property at 4th and Cleveland where the new administration building is sited. This temporary building would function as a place to accommodate volunteers at night who are serving our community from outside the District and need sleeping accommodations. Once the impact of the pandemic has subsided the District will propose a levy to build a permanent structure on site. Other requests include a Lucas CPR device and protective gear for wildland firefighting.

Burning season is underway, folks. Please practice safe burning and always keep a working hose line nearby when you have a fire. Keep fire locations well away from buildings, hedges, fence rows or other combustibles. If in doubt about your fire, never hesitate to call us at (503) 749-2894.

CASCADE EXCHANGE STUDENTS

Host families are needed for Exchange Students who will be attending Cascade High School this upcoming school year. If you are interested, or would like more information, please contact Lily Strider at lilestrider@gmail.com or 602-421-7999.

AUMSVILLE HISTORICAL SOCIETY

Every community needs a bank. Aumsville got its first bank when the brothers, Hudson and Judson Rosenberg, built a small brick building on the corner of Main and 6th in 1909. They incorporated Aumsville State Bank and opened it in 1912. In 1913 the bank was sold to some local men. By 1933 Edgar T. Pierce was its president. On June 24th, Mrs. Pierce was working alone in the bank when an armed man robbed her of about \$685 from the cashier's drawer. He drove away in a new Ford coupe. Police soon learned that he had stolen the car in one place and the license plates in another. Two days later he was apprehended in Medford.

1933 was a difficult economic year; many banks failed. In September the Aumsville bank was voluntarily liquidated. A local committee presided and all the depositors recovered their money. Aumsville did not have another bank until 1972 when Western Security set up a mobile bank. Business was conducted from a bus for about four hours on Mondays and Thursdays. The same bus also served Turner, Sublimity and Lyons. It was driven by bank manager Elmer Duncan. This service lasted until December 1976.

Santiam Valley Bank was established in Aumsville in 1979 in a temporary building. Mayor Joel Mathias did the ribbon cutting. In August 1980, ground was broken for a new building at 112 Main. American Pacific Bank soon assumed ownership of Santiam and provided services until 2005 when American Pacific was bought by Riverview Bancorp. Riverview Community Bank continues to meet Aumsville's banking needs and is an active supporter of community activities.

The newest member of AHS is Teresa Anderson. Everyone is looking forward to a future time when meetings and museum activities can be resumed. For information, please call AHS President Ted Shepard at 503-749-2744.

AUMSVILLE CITY COUNCIL MINUTES

The following may not be complete minutes from these meetings. You can find the full approved minutes on our website at www.aumsville.us/city-council.

AUMSVILLE CITY COUNCIL

Minutes – March 8, 2021

The meeting was called to order at 7:05 PM via Zoom Conferencing. Council present was: Mayor Clevenger, Casarez, Ceja, Ecclestone, Lee, Seney, and Wick. Council absent: None. City Administrator Harding (CA Harding), Public Works Director Oslie, Assistant Public Works Director Etzel, City Engineer Brugato, and City Clerk Rogers (CC Rogers) were also present via Zoom. The meeting was video recorded to be released later.

PRESENTATION: Wastewater Treatment Plant Presentation

Public Works Assistant Director Matt Etzel introduced himself, Public Works Director Steve Oslie, and Chris Brugato from Westech Engineering. He walked Council through a slide presentation on the timeline of what has been happening with our wastewater treatment system.

The city's National Pollutant Discharge Elimination System (NPDES) permit has expired, and we are waiting on DEQ for renewal. Since our last permit DEQ has lowered the allowable levels of ammonia that can be discharged into Beaver Creek. Our current system will never be able to achieve these low levels. DEQ representatives informed the city that the new permit would require lower levels of ammonia in the discharged water and that they will be enforcing compliance. To achieve the lower ammonia limit, the city would be required to upgrade the current lagoon system to a mechanical treatment facility with a cost estimate of 10-15 million dollars.

January 2020, with the help of consultants/city engineer, the city agreed to a Mutual Agreement Order (MAO)

with DEQ. The MAO requires the city to move forward with bringing the treatment facility into compliance by building a mechanical treatment facility or adding additional treatment systems. Milestones must be met by the city or face enforcement penalties which could be thousands of dollars per day. (These milestones are listed in the full version of the minutes that are posted on our website).

Once DEQ assigns us a new permit we have six months to finish a facilities plan. Westech Engineering has started the preliminary work on this plan and are just waiting on the new permit requirements in order to finish it. We are looking at 18 months from now to have this done. One year after plans are approved we have to have a contractor lined up to start the \$10-15M project. That realistically puts us only 2.5 years away from construction.

CA Harding introduced a video that staff put together to educate the public about the needed updates to the city's wastewater treatment plant. The video gives the viewer a tour of our facility and the future improvements that are necessary for the health and wellbeing of our community and environment. It also shows a comparison of a nearby mechanical plant. (The video is posted on the City of Aumsville YouTube channel and on our website).

Mayor Clevenger voiced concerns about how to go about making these upgrades happen with the least monetary impact to our citizens. CA Harding stated that he will be diligently seeking outside funding sources that are available to offset the cost. The information that we need to get out to

the public is that we have to do the upgrades, we are mandated by the Federal EPA to meet these standards, and it is going to be a substantial amount of money. How much money is still unclear. It is important that the community stays engaged and educates themselves on this process. CA Harding encouraged Council to communicate this message to the public.

VISITORS AND PUBLIC COMMENT:

There were two online attendees and there was no public comment. Login information was provided for members of the community to make public comment at this time and listen to the discussion.

City Administrator Report: CA Harding reported that Marion County has agreed to lower the speed limit on Bishop Rd. north of Mill Creek Rd. to 25mph. This will go into effect as soon as county gets the new speed limit signs posted.

The city has received a \$13,000 grant to assist with a park master plan for the east side park design.

CA Harding told Council that it is a challenging time, but also an exciting time. He sees lots of good things happening in the city.

ADJOURNED WITHOUT PREJUDICE AT 8:35 PM

AUMSVILLE CITY COUNCIL

Minutes – March 22, 2021

The meeting called to order at 7:00 PM via Zoom Conferencing. Council present was: Mayor Clevenger, Casarez, Ceja, Ecclestone, Wick, and Seney. Council absent: Lee. City Administrator Harding (CA Harding) and City Clerk Rogers (CC Rogers) were also present via Zoom. The meeting was

video recorded to be released later.

PRESENTATION: Cascade School District Bond Presentation Superintendent Drill, Aumsville Elementary Principal Ganfield, Aumsville Elementary Assistant Principal Mintzer, and Director of Communication Sattler joined Council and gave a presentation explaining the Cascade School District (CSD) Proposed Bond Measure. The measure would encompass the needed upgrades for Aumsville, Turner, Cloverdale elementary schools, Cascade Opportunity Center, and both the Junior and Senior High schools. They explained how the bond would affect property taxes, adding \$.92 per \$1000 of assessed value to the current rate \$1.21. The State of Oregon has awarded a matching funds grant that the district could only receive if the bond passes.

The bond funds will address health, safety, and security concerns such as better ventilation for a number of schools; add needed classrooms to keep up with community growth; make repairs and energy efficient upgrades; and enhance vocational programs for students pursuing a health services, science, or trades career. If passed the bond would add ten new classrooms to Aumsville Elementary and renovate six, as well as update the security system, add a new gymnasium, and reconfigure the parking lot for safer traffic flow.

Councilor Ecclestone asked if this would open job opportunities for teachers. CSD Superintendent Drill answered yes, by adding new classrooms there will be a need for additional teachers. He projected that the district would be growing by approximately 400 students in the next few years and their goal is to avoid classroom overcrowding.

VISITORS AND PUBLIC COMMENT: There were two online attendees and there was no public comment. Login information was provided for members of the community to make public comment at this time and listen to the discussion.

NEW BUSINESS:

There have been a couple of occasions this year where the city has lost power, or we have experienced equipment breakdowns, and the water reservoir has become extremely low. Staff agrees with our city engineers that a critical piece, that will be a priority in the new plan, and is a priority in the current plan, is emergency generation of the main water reservoir. CA Harding stated that this project has been discussed with Council on several occasions and staff has made a number of unsuccessful attempts to receive grant funds to assist with this project.

Council unanimously approved the Design Engineering Proposal for a new Booster Station Auxiliary Power Generator.

At one of the Council retreat planning sessions, staff presented ideas to help the city meet Council goals. One idea was to remove some of the barriers in the Interchange Development (ID) zone that potential investors face. Staff proposed that the city move forward with the design of both Del Mar Street east and west intersections. Del Mar Street east will be the main access to the ID zone property. If the city designs the intersection, it will give investors a better understanding of the total cost of offsite improvements. Eliminating this uncertainty by knowing the improvements needed could help spur the ID Zone development.

The city has collected Transportation System Development Charges (SDCs) for a number of years, and these funds can only be used for growth related or partially growth related projects. Even though both projects may be constructed by development, the city has collected SDC funds that can be used to design the intersections.

Council unanimously approved the service contract with Westech Engineering, Inc. in the amount of \$364,020.00 from Transportation Fund #30 to design Del Mar Street east and west intersections improvements.

City Administrator Report: CA Harding reported that there have been 265 COVID-19 cases accumulative in our zip code since the onset. He stated that this comparatively is a low number, and our community has done a good job of preventative measures.

The new ballot drop box is in and will be installed in time for the upcoming election.

The Event Planning Committee will soon start Corn Festival planning and CA Harding asked Council for some guidance. Council consensus was to plan for an in-person event but have a Plan B if the COVID restrictions will not allow the in-person event. They also agreed that we should keep it low key, then plan on expanding for 2022. CA Harding stated that the committee will be meeting on April 7th and he would bring back a draft of the plan at the next Council meeting.

Council recessed into an Executive Session at 7:48 PM

EXECUTIVE SESSION: Council entered into Executive Session - Under the authority of ORS 192.660(2)(d) to conduct deliberations with persons designated by the governing body to carry on labor negotiations. *Any executive session discussion is off the record, matters discussed are not to be disclosed.*

There was no outcome to report. Council reconvened to the general meeting and adjourned without prejudice at 8:09 PM.

DEPARTMENT MESSAGE:

The reserves worked a total of 148 hours during the month of March: 148 volunteer hours and 0 paid hours.

With Spring upon us, we are enjoying warmer weather and more citizens are out and about. As such, I wanted to remind everyone that we have City Ordinances to keep our city livable and safe.

Our Nuisance Ordinance 686 requires property owners to keep their grass and weeds cut. Under this ordinance we also cover placing any structures on the city sidewalks and streets. We are seeing many basketball stands being left in the street after use, please remove these from the street and/or sidewalk after use.

Under City Ordinance 697 we have requirements regarding the parking and storage of vehicles and trailers. All campers, trailers, and motorhomes are only allowed on a city street for 5 days in a consecutive 30 days period. Vehicles generally have to be driven and moved every 72 hours. This allows for the sweeping and cleaning of our streets and keeps parking spaces available for citizens.

Additionally under our Development Ordinance (section 18) staying in motorhomes and trailers is limited to 10 days in a 30 day period and on private property only. You can't connect to utilities either.

If you have any questions please contact the Police Dept.

GET A PERMIT

BUILDING A FENCE? YOU NEED A TYPE A PERMIT.

PUTTING IN A SHED? YOU NEED A TYPE A PERMIT.

PUTTING IN A DRIVEWAY OR CURB? YOU NEED A TYPE A PERMIT.

The Type A Permit covers curbs, driveways, sheds, storm drain, sewer, sidewalk, water main, streets, fences, deck/patios, and major landscaping work.

The permit has no cost. Just stop in to City Hall to get the form and submit it at least two weeks prior to work.

Find out more information on the website.

NOTICE OF PUBLIC HEARING SITE DEVELOPMENT REVIEW SDR 2021-02

NOTICE IS HEREBY GIVEN that a public hearing for Site Development Review for two new storage buildings at 995 Olney St has been set before the Aumsville Planning Commission on **Thursday, May 6, 2021**. The hearing will be held via Zoom.

As a result of the novel infectious coronavirus (COVID-19) creating a threat to public health and safety, interested parties are advised to provide public input by mail: 595 Main St., Aumsville, OR 97325 or email rcrowther@aumsville.us. For information about how to listen to the hearings or participate by internet or phone, please call City Hall at 503.749.2030 to receive instruction.

A copy of the application, all documents, and evidence submitted by or on behalf of the applicant, and applicable criteria are available for inspection at Aumsville City Hall for free or may be requested at a per copy cost with a public record request form. A copy of the staff report will be available for inspection at no cost at least 7 days prior to the hearing and a copy will be available at a per-copy cost. Additional information may be obtained from City Administrator, Ron Harding at (503) 749-2030. Written testimony to be included in the public record.

The packet and Zoom link will be available prior to the hearing on the website.

ART PROGRAM VOLUNTEERS NEEDED

Are you a local artist or professional art admirer? Are you interested in volunteering your time and expertise to our community to develop an arts program within the city?

The city approved the Vision 20-40 Plan, which introduced the impact art could have in the community. Art can promote economic development, enhance livability, and help brand our community as a great place to live.

The intended framework for the arts program follows three objectives: art that is defined, tasteful, and promotes our brand. Visual art projects are the initial primary focus.

If you are interested in being a part of forming this new program, please send me your contact information along with an email about your experience and knowledge within the art community. rharding@aumsville.us

PUBLIC NOTICES: BUDGET HEARING AND STATE REVENUE SHARING

The first public meeting of the Budget Committee of the City of Aumsville, Marion County, State of Oregon, to discuss the budget for the fiscal year July 1, 2021 to June 30, 2022 will be held at the Aumsville Community Center, 555 Main Street, Aumsville. The meeting will take place on the 11th day of May, 2021 at 7:00 PM. Budget committee members will be joining electronically to provide additional capacity for public attendance while maintaining social distancing requirements. Members of the public are also encouraged to join electronically via Zoom. A link to the meeting is posted to our website at www.aumsville.us/meetings.

The purpose of the meeting is to receive the budget message and to receive feedback from the public on the budget. Any person may ask questions about and comment on the budget document at this meeting. Written public comments will also be accepted via mail, in the city drop box, or email at jhoyer@aumsville.us through 5/10/2021. A copy of the budget may be obtained on or after April 30, 2021 through the city's website at www.aumsville.us/finance.html. If you need assistance obtaining a copy of the budget or participating in the budget process, please contact Ron Harding at rharding@aumsville.us or (360) 280-0442.

Additional meetings will be scheduled as needed with notification posted in the same manner as Council meetings. We encourage you to appear at the meetings and discuss

city finances with the Aumsville Budget Committee.

The meeting location is accessible to persons with disabilities. A request for an interpreter for the hearing impaired, or for other accommodations for persons with disabilities must be made at least 48 hours prior to the meeting. Please call (503) 749-2030 and leave a message or Oregon Relay Service for TDD at (800) 735-2900. The City of Aumsville does not, and shall not, discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its activities or operations.

A copy of this notice is also posted on our website at <http://www.aumsville.us>.

- Memorial Day, City Hall Closed, 5/31/21

GARAGE SALE SIGNS

Are you planning a yard sale or garage sale this summer? We want to make sure that your signage doesn't block vision to motorists. Let's keep our sidewalks and streets safe! You can't put signs on street or power poles. Outside of that, signs can't be placed in the clear vision areas. What is clear vision? Imagine a triangle on the corner of every intersection of two streets, from the point go back 10 feet on both sides. Keeping this triangle clear of not only signage, but bushes and fences, allows for safer traffic. If your signage is in the clear vision triangle, or on a pole, it will be removed.

You can put signs on private property, with permission, as long as they are not impeding the clear vision area.

Need more information?

IMPORTANT INFORMATION

BILLS AND BUDGET

Budget season is upon us. We'll be holding a public Q & A session on May 4th at 6:00 PM over Zoom. This session is a great time to ask questions about the budget and review the city's financial outlook over the next few years. During the session we will explain the different funds operated by the city and how we approach budgeting for the next fiscal year. So, join us and learn more about how the city allocates its resources. You'll be able to find the Zoom link on the website the week prior to the meeting. <https://www.aumsville.us/finance/page/budget-q>

Fees will be reinstated for online utility payments starting May 1st. The fees are \$0.95 if you use your bank routing number/account, or \$2.95 for using a credit/debit card. We're also shutting water off again on shut off day. You still have the opportunity to call, go online, or come in and file an extension prior to shut off day.
