GRANT MONEY FOR MAUDE'S

Aumsville is proud that our community is one of 25 small and rural towns across the country selected to receive a T-Mobile Hometown Grant!

We're excited that T-Mobile has made this commitment to small and rural cities. While our communities are great places to live, work and play, they also face real economic challenges. We welcome and thank companies like T-Mobile who want to help our communities continue to thrive and improve quality of life.

This investment of \$22,316.00 will make a huge difference towards finishing Maude's at Porter-Boone Park.

We'd also like to thank Marion County, we couldn't have built the space so far without the invest of their Community Prosperity Grant funds. These funds, dedicated over 3 years, have allowed us to complete the en-

tire exterior of the space.

We have also received a grant from Pacific Power Foundation for this project. Pacific Power Foundation continues to support Aumsville, year after year. In the past their grants have helped us remodel the community center kitchen, buy event tents for Corn Fest and Christmas in the Park, and purchase the holiday lighted pole decorations.

All of this support means that our tiny business village will be up and ready for vendors for next year's Saturday Market Season. We are so excited to finish this project and bring a several year long dream to fruition.

You can watch the progress at Porter-Boone Park. We hope to have the space ready in time for Christmas in the Park! For more information on the space or any of the grants we've received, give us a call at City Hall. We're always happy to help!

SATURDAY MARKET RECAP

A HUGE shout out to all the vendors, shoppers, and volunteers that made our 2021 Saturday Market season a huge success! We averaged 18 vendors each week and brought in more than \$3400 for our Parks and Recreation activities and other community programs.

Thank you!

WHEELCHAIR SWING IN WILDWOOD PARK

A new wheelchair swing has been installed in Wildwood Park. We're excited to have more accessible options for the community.

There are some rules for use of the swing. It's for use by wheelchair users only, improper use can cause injury. Adult supervision is required. Secure the wheelchair in the swing with the front and back safety chains. After use, please secure the swing back to the support poles. The weight limit for the swing is 700 lbs.

Be safe, kind, and respectful with park equipment and users. Most of all, we want you to have fun!

CRITICAL NEED FOR BLOOD

Aumsville Rural Fire District is hosting a blood drive. The need for blood is critical.

- ◇ **Where:** Aumsville Fire Hall
490 Church St. Aumsville
- ◇ **When:** Friday, October 15, 2021
9:00 AM to 3:00 PM

It's best to pre-register for an appointment. To schedule an appointment, visit RedCrossBlood.org (sponsor code: AumsvilleFire), or contact Trish Lutgen at 503-749-2894 or tlutgen@aumsvillefire.org.

American Red Cross

The need is constant.
The gratification is instant.
Give blood.™

redcrossblood.org | 1-800-RED CROSS

ANOTHER YEAR IN THE BOOKS

We wrapped up another year of our summer day camp. We had over 50 kids preregistered. The number of attendees varied week to week depending on family vacations and such. We started and ended the program under a mask mandate. Our volunteers worked over 200 hours.

We were lucky enough to receive a donation from Riverview Community Bank of \$1,000. This money goes to pay for books and program materials. Riverview has been a long time supporter of the Summer Day Camp. Each child gets to pick a book each week. With 50 kids registered, this adds up quickly! We give away hundreds of books a year. Even at a discounted rate from Scholastic, this can cost over \$500 a year for books alone! The lunches and snacks were covered by Rex and Karen Lucas.

We depend on, and cannot give enough thanks for, our volunteers and donations. The people and funding have kept this program going for 12 years.

We also want to thank the program coordinators Dianne Lucas and Kendal Berning who keep everything running smoothly!

CASCADE SCHOOL DISTRICT

The school year is off and running at the Cascade School District. Most students began on Sept. 7 while kindergartners started the following week.

Students attend school in person, all day, five days a week. It has been a year and a half since students have had a full day of in-person school. Teachers are working on student stamina, classroom expectations and social and emotional learning to start the year.

“This year is a bit of a reset for us,” said Superintendent Darin Drill. “We need to re-teach students how to do school again. Kids have also endured a challenging year and a half, so addressing and working through the mental health needs of our students is also a top priority.”

Cascade must follow the mandates issued by the Oregon Department of Education and the Oregon Health Authority. These do allow for outdoor mask breaks, so the

district has invested in outdoor classrooms and learning spaces. There are outdoor options for meals, and physical education will be outside as much as possible. This will give students a chance to get outside and take mask breaks.

“We are continuing to advocate for local control to be able to make our own decisions when it comes to COVID protocols,” Drill added. “Until we get there, we will get outside as much as possible. We have tents and outdoor heaters so students can get mask breaks even in the colder weather.”

The Cascade School District began the year with more than 2,600 students, a new record high. That growth is attributed to people moving into the school district. Some schools are at or over capacity, and the projections indicate more growth is coming. That is a challenge Cascade will be addressing as the year continues.

IN YOUR COMMUNITY

AUMSVILLE RURAL FIRE PROTECTION DISTRICT

Good Day, Neighbor!

Once again, as I write this document, an Aumsville Fire Engine is out of the district

assisting another agency on a wildfire, this time in the Klamath Basin as part of the Marion County Task Force on their 53rd activation for the year. Rest assured; you have sufficient responders available for local response as only three members are assigned to the apparatus out of district. All costs, including the costs of overtime to cover those who are on assignment, are reimbursed to the District by the Office of State Fire Marshal.

Our extraordinary weather this summer has led to incredibly dry fuels everywhere. Please use extreme caution when smoking or in the use of camping, cooking, or other outdoor activities. If you've traveled the interstates and major highways around the state, you've seen the frequent burned areas caused by passing traffic. What at one time was unusual in our area is now commonplace due to the extreme drought.

The Fire District Directors recently completed a tour of several Fire Stations that were built within the past few years to set the groundwork for what we want our Administration Building design to include. We met with the users of each building and got their opinion of the good and the bad, so we don't waste time, money and effort reinventing the wheel as we design our building.

As always, please consider becoming a volunteer for your local Fire District! We can use your help! Not sure? – come in for a tour and talk to us. Bring donuts...

Stay Safe my friends.

Chief Hari

AUMSVILLE HISTORICAL SOCIETY

Recently Aumsville Historical Society received an inquiry from Minnesota about Rev. W. H. Daugherty, who is buried in Hobson-Whitney Cemetery. This cemetery was established in 1853 on a small hilltop east of Sublimity. It is named in honor of William Henry Hobson and Uriah Whitney. Hobson was born in Missouri in 1847. The family traveled the Oregon Trail and settled between present-day Sublimity and Stayton in 1848.

Whitney was born in Maine in 1834, but his family soon moved to Illinois. He came to Oregon in 1858 by way of the Isthmus of Panama. He and Hobson had various business partnerships, including dry goods stores in several communities.

Several AHS members went to check the gravesite, prior to the planned visit by the Daugherty descendants. Sublimity's water tower is very close to the cemetery. The access road has a gate, which must be unlocked by Sublimity's public works staff. This means that the hours of visitation are very limited. There are many trees in the cemetery and no organized pattern of gravesites. It is very likely that some flat tombstones are not visible to visitors because of the underbrush.

As planned, Darrel and Chris Gonyea arrived on September 10th and visited the museum before going to the cemetery. The opening of the gate was pre-arranged. They were able to walk through the cemetery and take photos. AHS appreciates their donation of a copy of family research, which will soon be available for viewing by museum visitors.

There is no indication as to when AHS can resume monthly meetings, but the museum will be open from 11 to 2 PM on Saturdays until the end of October. For information about AHS, please contact Ted Shepard at 503-749-2744.

NEWS FROM MARION COUNTY

From Marion County Health Promotion and Prevention

Legislative Update - Alcohol, Tobacco, and Marijuana

The 2021 regular session of the Oregon Legislature concluded with the passage of Bills and amendments that will affect policies, procedures, and enforcement of alcohol, marijuana, and tobacco in Marion County and throughout the state.

To learn more about engagement with the legislative process and link to the Oregon Legislative Information System, visit the [Oregon State Legislature Citizen Engagement Page](#).

Below are a few of the noteworthy bills the Marion County Health Promotion and Prevention Team have been tracking. Click on the bill number to learn more about it.

Alcohol:

[HB 2742 PASSED](#): Allows off-premise sales licenses to sell factory-sealed containers of beer that hold more than 7 gallons. Effective date September 25, 2021.

[SB317A PASSED](#): Allows holder of full on-premises sales license to make retail sales of mixed drinks and single servings of wine in sealed containers for off-premises consumption. Defines "mixed drink" and "sealed container." Declares emergency, effective on passage. Effective date, June 11, 2021.

Marijuana:

[HB 3000 PASSED](#): Restricts the sale of specific consumable hemp items to anyone under the age of 21. Consumable hemp items include anything that is made to eat, drink, or inhale. With the growing popularity of these products, it is important that businesses are able to distinguish which products are off limits to minors; this is done by determining the amount of THC in milligrams (weight) in the products, not the overall percentage of THC contained in the product. Effective date July 19, 2021.

For more information, go to: [CBD and Consumable Hemp Items: Information on No Sales to Minors \(govdelivery.com\)](#)

Tobacco:

[SB 587 PASSED](#): Tobacco Retail Licensure (TRL) - Requires Department of Revenue to issue license to tobacco and inhalant delivery systems that do not hold license or other authorization by city or local public health authority tobacco retail licensing. Effective date, September 25, 2021.

What will the Oregon statewide TRL do?

- **Protects Youth:** TRL is an evidence-based tobacco control measure, and it is particularly effective for preventing teen tobacco use. Research shows that most tobacco use begins during a person's teenage years, but strong TRL policies can keep youth from buying tobacco products and can protect young Oregonians - particularly Black, Indigenous, and People of Color (BIPOC) youth, from developing harmful habits.
- **Compliance:** Ensures compliance with existing local laws and enforcing a tobacco tax, which is difficult for a public health system to do without a statewide TRL.
- **Fairness:** Retailers of other age-restricted products in Oregon must be licensed. Oregon was one of the few states left that did not have a statewide TRL - Oregon will be catching up with rollout January 1, 2022.

Supports Local Businesses: TRL gives Local Public Health Authorities the ability to engage with local businesses, educate businesses about TRL, and train these businesses to comply with the law.

STATE REPRESENTATIVE'S REPORT

Friends –

At the time of writing we see the transition to Fall underway. School has started and the cooler weather greets us each morning. This week the House Redistricting Committee heard testimony from the community with regards to the proposed maps. By the time you are reading this the outcome of the redistricting efforts will be known. The Legislative Assembly has been called into special session starting Monday, September 20th at 8am to act on the redistricting proposals. State law decrees that “No district shall be drawn for the purpose of favoring any political party, incumbent legislator or other person.” I wonder as you read this, how has redistricting determined who represents you?

Currently Legislative Days are scheduled to follow immediately after the special session. At this time, I am slated for meetings on the committees which I have the honor of serving – Behavioral Health (co-chair), Health Care, COVID-19 Response and Energy and Natural Resources.

Please mark your calendars and join me in the next Your District Your Voice Listening Session on **Tuesday, October 26, 2021 at 6:30 PM.** Location details will be released in the weeks prior.

In the interim if we can be of help to you as you navigate your state government please call or email. My door is always open and my staff, Pam McClain, Lena Prine, and I welcome your participation. **As your state representative, I am here to listen, respond, and lead.**

All my best,

Raquel Moore-Green
Representative, HD19 South Salem, Turner, and Aumsville

Phone: 503.986.1419 | Email:

rep.raquelmooregreen@oregonlegislature.gov

Website: <https://www.oregonlegislature.gov/moore-green>

STATE SENATOR'S MESSAGE

This month is a very important time for the legislature as we are going through the redistricting process where Oregon will redraw our Legislative and Congressional districts based on the census data. I am hopeful that the legislature will agree on a fair map that brings greater representation to everyone. If the legislature cannot come to an agreement, the redistricting process will be passed onto Secretary Fagan. Although the public hearings have been completed, if you would like to write to me about your thoughts on the process, email me at sen.debpatterson@oregonlegislature.gov.

My office is looking forward to the short session in 2022. As always, I'm focused on making health care more affordable and accessible, and tackling our affordable housing and homelessness crisis. In the meantime, I am enjoying connecting with our community. I know businesses – big and small – have been hit hard by COVID-19 and so I have set up a series of business visits across our district to connect with local owners called 40 Businesses in 40 Days. I have enjoyed connecting with business owners and employees and seeing the amazing work they are doing.

I will be holding two constituent coffees in October – **Saturday October 2nd at 1pm at French Press (2725 Commercial St. SE Salem)** and **Thursday October 14th at 5:30pm at Los Primos Taqueria in Independence** (a Spanish translator will be available at this event).

As always, please feel free to reach out to me at any time at sen.debpatterson@oregonlegislature.gov.

HOLIDAY FOOD BOXES

Please consider donating to the Aumsville Exchange Club's holiday food

box program. Your cash donation will be used to support local veterans and families in need. The Exchange Club will be giving away 10 boxes. You can donate cash at the jar at City Hall, or contact the Exchange Club for more ways to give.

STORMWATER RUNOFF

The U.S. Clean Water Act requires the Oregon Department of Environmental Quality (DEQ) to establish water quality standards and monitor the health of water bodies. Water quality standards set limits for pollutants that impact the chemical, physical, and biological integrity of the water source. DEQ is required to establish a list of 'impaired' streams and other water resources. DEQ has developed set goals for each body of water. Their list of impaired streams includes the Willamette River which does not meet water quality standards. Our stormwater discharge eventually ends up in the Willamette River so it is important we do our part to improve the river.

DEQ, as part of its requirements, has implemented administrative rules that are designed to clean up the city's stormwater discharges. The city has, over the past 10 years, been required to protect the receiving stream and all the waterways to the ocean. The program is the Total Mass Daily Limit (TMDL) .

One of the city's requirements, by the State of Oregon, has been to develop and update a water quality implementation plan, as well as develop reduction strategies to reduce/remove pollutants from water run-off going into our streams.

Current TMDLs (which encompasses many factors), within Aumsville requiring pollutant load reduction strategies include bacteria, mercury, and temperature. Aumsville has developed strategies to address these problems for the properties for which we have authority over land use regulation (i.e. we have no control of properties outside of the city limits).

Some of our projects to help reduce unwanted pollution to the waterway are:

- Keep up on leaf raking (Leaves are a large factor in polluting stormwater run-off. You can help us by gathering your leaves and taking them to Recology for composting. Do not sweep them into the street. They end up in our stormwater.)
- Riparian plantings along waterways (those "wild trees and grasses" are meant to be there – they filter water run-off)
- Tree planting

- Water quality basins for stormwater (a place for water to infiltrate into the ground and for plants to help in nutrient removal, instead of running directly into the stream)
- Mutt Mitts for picking up after Fido (please use these if you take your dog for a walk)
- Erosion control requirements (this includes our banks along the creek that runs through Mill Creek and Porter-Boone Parks and especially development activities)

These are a few things we have committed to improving. DEQ has more suggestions we will be following in the future. We are required to make improvements to our water quality implementation plan every five years to continue to improve our water quality. Finding new treatment methods, planting more plants to shade waterways, illicit discharge detection, public education, ordinances to protect waterways, and more are just a portion of things we

can do to improve.

Our current plan has been approved and we are looking at elements to improve on that over time. I expect that in the future there will be more requirements for individual homes (as opposed to just the city) and that residents may have to treat the water that comes off their property. One way to accomplish that might be a rain garden.

Some material that might be useful for those interested in starting now (as well as ideas for new development we might see in the future) can be found online at <https://www.oregon.gov/DSL/SS/Documents/RainGardenGuide.pdf>: THE OREGON RAIN GARDEN GUIDE, A STEP-BY-STEP GUIDE TO LANDSCAPING FOR CLEAN WATER AND HEALTHY SYSTEMS. This is a

good place to start.

Please, when you are out working in your yard, think about your role in keeping pollutants from entering our waterways. It starts with being careful about what ends up in the street and eventually in our stormwater system. Let's team up together to address this issue. Email me with suggestions or comments on ways we can work on this plan and improve our TMDLs. soslie@aumsville.us.

AUMSVILLE CITY COUNCIL MINUTES

The following may not be complete minutes from these meetings. You can find the full approved minutes on our website at www.aumsville.us/city-council.

AUMSVILLE CITY COUNCIL

HIGHLIGHTS

Minutes – August 9, 2021

The meeting was called to order at 7:00 PM. Council present in person were Councilors Casarez, Ceja, Ecclestone, Lee, Seney, Wick, and Mayor Clevenger was via Zoom Conference call. Council absent: None. City Administrator (CA) Harding and City Clerk (CC) Rogers were also present. The meeting was video recorded to be released later.

PRESENTATIONS: Oregon Heritage Commission – Corn Festival Designation

Oregon Heritage Commission Chair Anne LeVant Prah presented the Corn Festival designation as an Oregon Heritage Tradition. She commented that there are only 26 events with this designation. Our festival joins other great Oregon events such as the Pendleton Roundup, the Great Oregon Steam Up, Cannon Beach Sandcastle Contest, and the Portland Greek Festival. Chair LeVant listed some of the criteria that the event had to be met: continuous operation for 50 or more years; it must have a public profile and a reputation that distinguishes from other more routine events; and it must add to the livability and identity of the State of Oregon. The Corn Festival easily met the criteria for this prestigious designation. The commission was particularly impressed that throughout the 53 years of the Corn Festival it has never swayed from its original emphasis on corn. It has always been the focus of the festival and continues to keep the area's corn heritage alive.

CA Harding thanked the Oregon Heritage Commission and recognized that for 53 years there have been a lot of community volunteers that built the festival and worked very hard to keep the tradition alive. He also wanted to thank staff member Elaina Turpin who worked with the com-

mission in applying for the designation.

VISITORS AND PUBLIC COMMENT: There were two online attendees and there was no public comment. Login information was provided for members of the community to make public comment at this time and listen to the discussion.

CONSENT AGENDA: Council unanimously approved the July 26, 2021 Council meeting minutes.

NEW BUSINESS:

CAAKES Unlimited Contract – Skate Park Competition. Council reviewed and unanimously approved the agreement for Caakes Unltd. to host a skate competition in Mill Creek Park on August 20th, 2021.

DLDC Grant Draft Letter of Support – CA Harding explained that this letter of support is part of the requirements to apply for grants and open up opportunities for funds that are available for smaller cities, and it was discussed. Council unanimously approved submitting the letter of support to the Department of Land Development and Conservation (DLDC) regarding our application for grant funds for our Urban Growth Boundary (UGB) expansion as presented by staff.

City Administrator Report: CA Harding recognized Public Works staff for all their hard work outside of their normal jobs. He thanked them for their work on the community center kitchen, the business village at Porter-Boone Park, and all the preparation leading up to Corn Festival. Along with all of that they also had to deal with a couple major breakdowns in our operating systems. He also thanked Pacific Power Foundation for the grant to help with the community center project. CA Harding updated Council on some of the other projects that are in process: the dog park is open, grass, trees, and benches coming; working on installing the

ADA swing at Wildwood Park; and Maude's village at Porter-Boone Park is close to being done. He updated Council on the Corn Festival planning. He stated that overall, we are on track and will be ready.

Council discussed National Night Out and gave KUDOS to the Aumsville Police Department for making it fun for the kids and making it a successful event.

MAYOR/COUNCIL REPORTS AND INITIATIVES: Mayor Clevenger updated Council on his travel schedule. There was a brief discussion regarding the mask issue for school children. Mayor Clevenger suggested that Council send a letter on behalf of our community to our State Representatives in support of the local school district having the authority to make decisions regarding masks. After a brief discussion Council concurred that staff would create the letter for the Mayor Clevenger to sign and send a copy to the School Board.

GOOD OF THE ORDER: Councilor Ceja announced that Mayor Clevenger recently was awarded the Distinguished Leadership Award at the Oregon Mayor's Association Conference. She cited some of the reasons that they chose him to receive the award such as; helping families in need, making Council meetings even when in service out of the country, and the work he did with the ice storm and fires last year.

The meeting adjourned without prejudice at 7:37 PM

Aumsville August 2021 Monthly Police Report

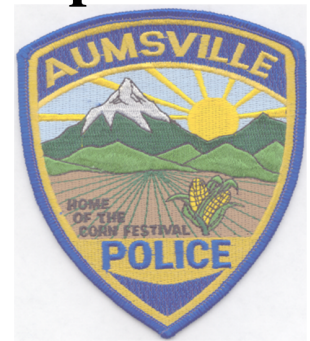

DEPARTMENT MESSAGE:

The reserves worked a total of 85 hours during the month of August 68 volunteer hours and 17 paid hours.

We are happy to announce we have hired David Pittman as our newest Reserve Officer. Reserve Officer Pittman comes to us from the Oregon National Guard, where he has served for 29 years. Reserve Officer Pittman hails from Canby and is married with 5 kids. Please join us in welcoming him to our community.

I am happy to report there were no problems with the Party in the Park event and the Corn Festival went smoothly as well. Thank you to all the police personnel and organizations that assisted with parking and other related activities.

Last, as we move into September, we would like to remind our citizens that children have returned to school and will be walking and riding bikes. Please take extra care in watching out for them as they make their way to and from school.

Join us for a study on...

The Image of God

...this fall at
Bethel Baptist Church

**We invite you to worship and grow with us at
BETHEL BAPTIST CHURCH as we seek to ...**

Know God and Make Him Known, in Christ.

Fall Focus: The Image of God. Sermon series and all all-ages Sunday School class starts Oct. 3, based on the book *Respect the Image*. Discover how we can "reflect human worth in how we listen and talk." Small-group studies are also available.

Church services are on Sundays at 8:00 & 10:45 a.m. and Sunday School starts at 9:15 a.m.

AWANA Children's Ministry: Starts Wednesday, September 8. Children ages 3 years-6th grade are invited to a time of Bible stories, games, and Bible memorization, Wednesday evenings throughout the school year.

Trunk or Treat: October 31 at 4:30-7:00 p.m.

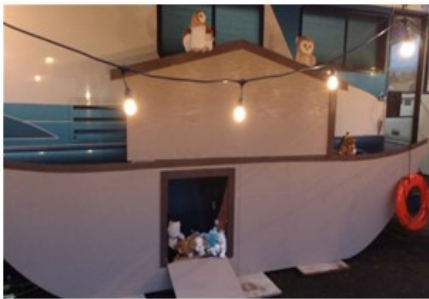

All are welcome!

Jesus: "Come to me, all who are weary and burdened, and I will give you rest" (Matthew 11:28 NIV).
