Super Hero Carnival

Saturday June 29th

3-6:00 P.M.

Come One, Come All!

Aumsville's
FREE Family Saturday
At
Porter-Boone Park
1105 Main Street

FREE Admission

Join us for a fun-filled afternoon of old-fashioned carnival games with a super-hero theme and free prizes for the players.

Costumed heroes will be roaming the event.

MAYOR'S MESSAGE—SUMMER EVENTS

First thing first, I owe the community an apology for neglecting to get a message out in time last month. It was a very busy month and when the Newsletter came out, more than a few people contacted me wondering where my statement for the month was.

I am extremely excited for the myriad of events we will be having over the summer. Between the children's events like the Super Hero Carnival and larger community-oriented

events like the Second Saturday Market, Summer time is a great time to live in Aumsville.

For those that were not aware, the Second Saturday Market has been moved to Porter-Boone Park, and the first one will take place on June 8th. The 2019 Summer Program for 1st – 5th Graders will kick off June 21st at noon. This is a great event with loads of games and learning opportunities for children.

I would be remiss if I didn't also mention the Aumsville Corn Festival. Although I recently stepped down from my position on the Festival Planning

Committee, I have the utmost faith that this year's Festival will be one of the best yet.

With so many community events, our City Staff can always use help. Volunteers are always needed to help set up and tear down before and after events. The Corn Festival is always in need of volunteers and with the number of children's events we will have going throughout the summer, volunteers will be vital to the success of each of them. If you are interested in volunteering to help with any of these events, stop in to City Hall.

This message is provided by Mayor Clevenger and does not speak on behalf of the City Council.

Aumsville Rural Fire Protection District

Good Day, neighbor!

While it may be raining as you read this, an unusually dry April and early May required the county Fire Defense Board to enact a complete burn ban within the first half of May. The Fire District appreciates everyone's compliance with this act. All along the Santiam Canyon corridor, small fires quickly became out of control and most departments east of us experienced several calls for assistance. Further "ban periods" may likely occur this summer depending on how the weather dictates our decisions.

As summer approaches we like to remind our residents that we live in the grass seed capital of the world, and often the production of grass seed in-

cludes field burning. Every year local departments respond to calls of what appears to be a large wildfire to the caller but is actually a well-controlled prescribed event that is normal for grass seed farmers. The science behind a successful field burn is rather complex and is very condition-dependent, and when lit properly (downwind first, followed by flanks and upwind perimeters), the result is an artificially created thermal column that causes the "header" or mushroom cloud of smoke visible here in the valley. The purpose of that method is to get the smoke as far up in the troposphere as possible, so the prevailing winds disperse it and it doesn't become a problem for us here in the valley. Please don't call 911 and

report a "large column of smoke up in the hills" unless you have reason to believe it is in fact a hostile fire. By all means, if you DO observe an out of control fire, please report it!

School will soon be out for the year, and that brings kids back into our daily travels either as pedestrians or bicyclists, at all times of day. Please use extra care when traveling our streets!

You may have noticed that we are starting to have American Red Cross Blood Drives on a regular basis. Our first blood drive without the bus was on May 21st and was a great start. Our next blood drive is August 9th from 9 – 2 pm. We hope to see you there.

Chief Hari

Friday programs are Noon-2:00 pm and includes lunch and a snack

We're excited to begin our 10th year of fun summer programming for children entering first through fifth grade. They must be accompanied by an adult. Our program has changed a bit this year and will now meet on Friday afternoons, but one thing remains the same: there will be so many fun things planned - you don't want to miss a day! Movies in the Park will now be every Saturday night (at dusk) starting on Saturday, June 15th. Concessions will be available.

Summer Fun starts Friday, June 21st at Noon

- June 21 - Who You Count On
- June 28 - Everyday Community Heroes-Fire Fighters
- July 12 - Everyday Community Heroes- Police Officers
- July 19 - I'm a Hero

- July 26 - Heroes Serve
- August 2 - Heroes are Also Friends
- August 9- Heroes Soar

SPECIAL THANKS TO: Republic Services, Recology Organics, Pacific Power, James Reed Insurance, Rex & Karen Lucas, Aumsville Food Bank, City Administrator Ron Harding and the many other contributors! These are the ones that financially make our program possible.

Bring your kids, bring a friend, and have a wonderful summer!

Aumsville Day Camp 2019 – “Heroes”

Registration *(one for each child please)* this form is also on www.aumsville.us

Camper Name: _____ Age: _____ # of yrs at daycamp: _____

DOB: _____ Grade entering Sept. 2019: _____ School: _____

Home Address: _____

Parent/Guardian: _____ Phone: _____

Emergency Contact: _____ Phone: _____

WHY WAS MY WATER PINK?

— Ron Harding, City Administrator

Many Aumsville residents noticed a pink hue to their water this past month. The hue is a byproduct of an additive called potassium permanganate. This is a commonly used additive in drinking water systems to disinfect the water and assist in eliminating or reducing minerals and hydrogen sulfide that may be found in our city wells.

To understand the struggles with our water you must understand our system. Our water sources are wells located within the city. Wells can be a great source of water, if you hit the perfect aquifer. Wells eliminate outside contaminants that may be found, or that may enter a river system, because the ground will naturally filter water entering the aquifer to a large degree. Many of us recall the algae bloom that hit Stayton and Salem water systems last summer. We became a source of water for Salem because our water is safe and free from those types of contaminants.

The issue we struggle with is our aquifer is in an area of historic volcanic activity. Think of this as fingers on a giant hand under the city. When we drill a well we likely will hit one of those volcanic fingers, or parts of one. As you can imagine the aquifer of water can be inundated with various amounts of mineral deposits that cause the odor and often times a metallic taste to the water.

Several years ago, the city installed a sand filtration system at the million-gallon reservoir site to filter out much of the odor and taste of those minerals. The filtration has worked well and most of the recent complaints have been related to chlorine smell or taste. The chlorine is a required additive and does dissipate as

it moves through the system but because of variables like how much water is being used, when, where a house is located within the water lines and so on it can create instances of higher likelihood of the chlorine being not fully dissipating from the system.

system. This additive is an approved treatment to assist in improving the taste and odor and will assist as a disinfectant, for a system like ours, with mineral infiltration.

One of the effects, or byproducts, of the potassium permanganate is that it can turn the water a slight pink or purple color depending on the levels used. As city staff began to receive concerns over the color shift, Public Works began reducing the quantity until no more color was detected. Now the chlorine is once again the prominent additive and has returned the smell and/or chlorine taste.

I would like the community to know that our water system, like all other public water systems, must endure specific, ongoing testing by a state agency that ensures water, which reaches the public drinking system, meets national standards and poses no health risk; this agency is the Oregon Health Authority. All additives that we use to assist in treating the water are approved for public water

systems and are National Science Foundation (NSF) certified.

Our water is safe, while we may need to endure some odor from the additives we can be confident that our water is safe to consume. The slight smell/taste of chlorine is a small price to pay for the safety of our water system and this chlorinated odor is common to other water systems across the state and country. Residents should know that we do our best to minimize any odors and or taste associated with either chlorination or natural minerals, but seasonal changes in well water require additional adjustments and its always a moving target.

The city will continue to work on improving our water system, during those times of improvement we may have a metallic or chlorine smell or taste. This is not uncommon to any city as most are required to provide the same disinfectants to their systems. We are striving to do better and provide a better tasting drinking water.

What can you do as a resident? First, understand that you are the eyes and ears of the city. If you experience anything odd with your water, contact the city hall and report it. Coloration change, odor, taste, anything that doesn't seem normal. This provides us the opportunity to see if it's something in our system process causing the issue, or perhaps something that's unique to your residence. We need to be able to see what you're seeing. Second, have a conversation with your elected officials on how important water quality is to you and your family. We have many system upgrades that need to be completed, and projects we can add to improve water quality, but in recent years concerns over utility rates have limited those upgrades. Elected officials need to know, from you, what your expectations are, so they can make those important decisions.

POLICE CORNER

Richard Schmitz, Chief of Police
503-749-2188

April 2019 Police Report

The reserves worked a total of 76 hours during the month of March: 76 volunteer hours and 0 paid hours.

As we move into Spring and warmer weather, we would like to remind our citizens that we need to keep lawns cut and trees trimmed.

Trees and shrubs must be trimmed so they are at least 8 feet above sidewalks and 14 feet over streets. Grass and weeds must be cut if over 10 inches in height. (City Ordinance 369)

We also remind citizens it is against ordinance to place and leave ANY structure on sidewalks or streets. This includes basketball hoops and garbage cans. Bring them in after use.

City Ordinance 171.15 prohibits the storage of any vehicle upon city streets. It is considered storage if the vehicle is not moved after 72 hours.

Thank you for keeping our city clean and livable.

AUMSVILLE HISTORICAL SOCIETY

Aumsville Historical Society met on May 11th. President Ted Shepard presided. Reports were made. Museum files are being consolidated. Duplicate items are being identified. Summer events were discussed. The relocation of Aumsville Animal Clinic to a larger facility on the south side of Main Street was noted. Residents expressed appreciation that the clinic has equipment and staff in Aumsville to take care of the medical needs of their pets. The larger parking area is also a plus.

The Pacific Northwest Postal Society came to the museum on a Sunday. This has been an annual event for several years. PNWPS members are kindred spirits, who are interested in Oregon pioneers and historical sites

WINTER HOURS – OPEN BY APPOINTMENT

in addition to postal material. There is always conversation about places to go and things to see. One of the visitors identified an unknown tool in the museum collection. He said it was a wrench for use on old-fashioned irrigation systems.

Leslie Oakes Tennies visited the museum to look for pictures taken at Crawford School. Crawford was at the corner of the current-day Cascade campus but was demolished many years ago. The picture search was successful. Her father attended Crawford and graduated from Cascade High in 1952. Leslie graduated

from Cascade in 1975. Visitors can now see a "slide" show with 89 pictures, mostly of early Aumsville. There is also a recently mounted display, which is on loan to the museum for an indefinite time. No preview is available. Visit it now!

There was an over-abundance of refreshments at the meeting, so members took the time to snack and chat. The next AHS meeting will be held on Thursday, June 13th at 7 PM in the community center. There are no meetings during the summer, but the museum will be open every Saturday from 11 to 2 PM. Visits by appointment can be arranged. Please call Ted Shepard 503-749-2744 or Karlene Santibanez 503-749-2585.

MARION COUNTY PARKS

By Dick Hughes, special to Marion County

From picnicking to geocaching to hiking, Marion County parks offer a wealth of recreational opportunities for residents and travelers.

"We have 18 parks that are scattered throughout the county. There are some that are absolutely gorgeous," Parks Coordinator Russ Dilley said.

"We have all kinds of different recreation. A majority of the parks are on water, so there are a lot of water activities. Some have shelters for group picnics. We have smaller parks that are in the neighborhoods for kids to go play on the playgrounds."

Most of the parks now stay open year-round. And with the May 1 opening of the remainder, visitors will find improvements throughout the park system.

Those improvements include a repaved parking lot, new picnic shelters

and a larger restroom at Scotts Mills Park; ad-

ditional picnic tables at North Fork, Bear Creek and Salmon Falls parks; a stairway down to the North Santiam River at Minto Park; and expanded garbage collection and lots of fix-up throughout the 18 parks.

During the winter, weather closes the county parks along the Little North Fork of the Santiam River. Come late spring and summer, North Fork, Bear Creek and Salmon Falls parks are so heavily used – for water play, fishing, hiking, picnicking and, at Bear Creek, camping – that the county instituted a parking fee from May 15 through September. The price is \$5 per vehicle per day, or \$30 annually.

"The area up there was being loved to death. We're not trying to restrict anyone with the parking pass, instead

limit the numbers because of the environmental factors," Dilley said.

"This has been something that we're working on with the BLM and the Forest Service, trying to just make people aware: Tread lightly."

As travelers and local residents enjoy the county parks, Dilley reminds them to use the trash cans or pack out their garbage.

He adds: "Be safe. Tread lightly. Be respectful. Enjoy."

Legislative Update

STATE REPRESENTATIVE

DENYC BOLES

Last month I discussed the impact HB 2020, Cap and Trade would have on typical households in our district. This month, I'd like to highlight some of the specifics of HB 3427, the gross receipts sales tax bill that creates additional funds for schools. This bill passed the House Floor vote last month, and the Senate floor vote on May 13th.

The -32 amendment floated the sales tax to .57% for certain businesses, which will be passed along to Oregon consumers in the form of higher consumer costs. While big business from the Portland metro area worked out special carve outs, many including the Oregon Wheat, Oregon Farm Bureau, Oregon Seed Council, and Oregon Women for Agriculture members were not afforded the same benefits. The pyramiding inherent in this type of tax will mean a product like wheat will be taxed multiple times along the way as it moves from field to processing to the grocery store as bread. There won't be a direct tax on the bread at the store, but the materials to make the bread are taxed multiple times along the way resulting in higher costs at the store.

For working families, the state has estimated it will increase costs of goods and services for Oregonians which may not balance the savings of reduced income tax promised in the bill and touted in recent press releases.

Sadly, the super majority failed to respect the fact voters and working families have sent a message to elected officials multiple times that they do not support a sales tax, and that revenue raising packages as significant as 2 billion dollars should be sent to voters for approval especially at a time when state revenue forecast is at an all time high.

While I certainly support investing in our schools and students, I opposed this bill due to the problematic funding source and unfair impact it will have on household budgets. I am concerned that the money will not get into the classrooms that need it. This bill seems to simply grow government. Additionally, this bill was rushed through this building before the revenue forecast that we received a week later. According to state economists, Oregon is expecting to take in more than \$900 million in general fund and lottery dollars for the current biennium, more than \$2.1 billion in the current two-year budget cycle than economists predicted. Those are record break-

ing numbers.

The Capitol is in full swing and an exciting place to visit. If you'd like to make an appointment to discuss legislation you've read about in the news or heard in the community, please call my office. We'd be happy to discuss your concerns and ideas or schedule an appointment to meet.

AUMSVILLE CITY COUNCIL MINUTES

The following may not be complete minutes from these meetings. You can find the full approved minutes on our website at www.aumsville.us/city-council.html

Minutes – April 22, 2019

The meeting was called to order at 7:00 PM. Council present was: Mayor Clevenger and Councilors Bedwell, Casarez, Case, Ceja, Purdy, and Seney. City Administrator Ron Harding (CA Harding), Public Works Director Steve Oslie (PWD Oslie), and City Clerk Colleen Rogers (CC Rogers) were also present.

Council unanimously approved the Agenda.

There were nine visitors in the audience and no one asked to speak during the public comment period.

Council unanimously approved the October 31, 2018 through April 22, 2019 check registers and the April 8, 2019 Council meeting minutes.

OLD BUSINESS: Council reviewed an amended Memorandum of Understanding (MOU) between the City of Aumsville and Jerry Flowers - Meadows Project II. CA Harding explained that the original MOU, dated October 18, 2017, afforded the city to purchase one lot in the Flowers Meadows II subdivision at fair market value and the developer would work with the Public Works director to purchase up to \$20,000 of playground equipment. The city no longer has an interest in the purchase of a lot for use as a small neighborhood park. The developer Jerry Flowers of Flowers Meadows has asked to have the city's intent-to-purchase released in order to sell the land as a buildable lot. In exchange for this release of interest Flowers will fulfill his obligation in full by paying a \$20,000 donation for general park usage to the City of Aumsville for the acceptance of the storm water facilities and payment is due on the execution of this amendment.

Council unanimously approved the amended MOU with Jerry Flowers – Meadows Project II as presented.

CITY ADMINISTRATOR'S REPORT:

Streets Presentation: PWD Oslie pointed out that the city is responsible for maintaining 13.71 miles of streets within the city limits. This maintenance includes, but is not limited to:

- Street sweeping on as-needed basis,
- Street signs and striping - maintain/replace,
- Maintaining clear vision at intersections,
- Storm drain maintenance and repair,
- Repairing potholes & sealing cracks,
- Plan and budget for street maintenance: paving, overlays, new curbs/sidewalks,
- and more.

PWD Oslie showed Council how he tracks maintenance and conditions of streets. He showed how they use a scoring system to prioritize projects. PWD Oslie estimates an annual budget of \$145,000 – \$165,000 to properly maintain our streets. He showed a list of projects in need of funding; totaling \$905,000. He talked about different ways to bring these costs down such as, funding through grants and piggy backing on other agencies' projects.

The final topic of the presentation brought to light plans to beautify Main Street. PWD Oslie talked about Main Street beautification and how new

businesses coming in are required to add street trees and masonry to their storefronts. Future plans include decorative streetlamp poles.

Corn Festival (CF) Discussion: Beer Garden Continued

After a lengthy discussion of the pros and cons of having a beer garden at the Corn Festival Councilor Ceja made a motion that Council support the 2019 Corn Festival Committee having a beer garden, restricting it to a confined area no larger than the community center (2000 sf) with one access point. Councilor Casarez Seconded. Motion APPROVED 4-3: (Yes: Clevenger, Casarez, Case, Ceja; No: Bedwell, Purdy, Seney) The meeting adjourned at 8:19 PM

NOTICE OF BUDGET HEARING

A public meeting of the Aumsville City Council will be held on June 10, 2019 at 7:00pm at 555 Main St, Aumsville, Oregon. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2019 as approved by the Aumsville Budget Committee. A summary of the budget is presented below. A copy of the budget may be inspected or obtained at 595 Main St, Aumsville Oregon between the hours of 8:00 a.m. and 5:00 p.m., or online at www.aumsville.us/finance.html. The budget is for an annual budget period. This budget was prepared on the modified cash basis of accounting, which is the same as the preceding year.

Contact: Joshua Hoyer, Finance Officer

Telephone: 503.749.2030

Email: jhoyer@aumsville.us

Total FTE	17.80	19.04	19.13

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING

Personal Services includes a 2.5% cost of living adjustment (COLA), and city-paid medical insurance premium increases January 2020. Public Employees Retirement System (PERS) contribution rates are increasing an average of 27%. Collections include utility rate increases to take effect June 1, 2019; 3% in both Water and Sewer Funds. The financial impact of the new accounting software program continues to be reflected in the Dues/Fees line items and the Major Office Equipment Reserve Fund transfers needed. The Park Fund is proposed to receive all the State Revenue Sharing Apportionment this year. A General Fund transfer to the Investing In Aumsville Families & Children Fund is proposed to help sustain the youth programs for the year. In the System Development Charge (SDC) Funds, about twenty EDUs are estimated to be submitted for permits during the coming fiscal year, between the Flowers Meadows Phase 2 Subdivision and other remaining lots. The City is pursuing another Oregon Parks & Recreation Department grant which would be used to purchase and develop new park land on the east end of the city.

PROPERTY TAX LEVIES

	Rate or Amount Imposed	Rate or Amount Imposed	Rate or Amount Approved
Permanent Rate Levy (rate limit 3.6327 per 1,000)	3.6327	3.6327	3.6327
Local Option Levy			
Levy For General Obligation Bonds			

STATEMENT OF INDEBTEDNESS

LONG TERM DEBT	Estimated Debt Outstanding on July 1.	Estimated Debt Authorized, But Not Incurred on July 1
General Obligation Bonds		
Other Bonds		
Other Borrowings	\$1,721,030	\$0
Total	\$1,721,030	\$0

DELINQUENT BILLS AND SHUT OFF DAY

Near the end of each month the City suspends water service on delinquent accounts. Shut-off day is clearly posted on your delinquent bill, on the city's website (www.aumsville.us), and on the calendar in the newsletter. If you need to make payment arrangements, contact City Hall and we can either work out a payment plan or connect you to resources.

A \$30 service interruption fee is assessed to each account that remains unpaid after 9:00 AM on shut-off day. Public works staff is then given a list of addresses that must be shut off for non-payment. First-time delinquent accounts receive a warning via door hanger notice and will be given until 9:00 AM the next day before they are assessed similarly.

If you pay your bill after 9:00 AM but before Public Works arrives at your water meter, you can call City Hall to prevent your water from being shut off. However, the fee will still have been assessed to your account, since the bill was paid beyond the cut-off and staff time is being spent to administer your account.

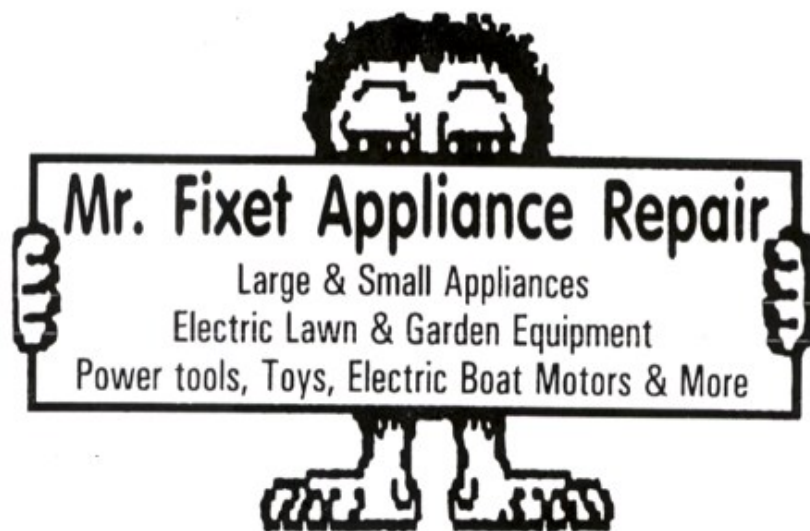

If your water has been disconnected on shut-off day, the entire bill, including the \$30 service interruption fee, must be paid before service can be reconnected. We strongly encourage you to contact City Hall prior to shut-off day to avoid the additional \$30 fee.

If you have any questions or comments on this process, feel free to contact City Hall at 503-749-2030.

AUMSVILLE RURAL FIRE PROTECTION DISTRICT BUDGET HEARING NOTICE

A public meeting of the Aumsville Rural Fire Protection District will be held on June 13, 2019 at 6:30 pm at 490 Church Street, Aumsville, Oregon. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2019 as approved by the Aumsville Rural Fire Protection District Budget Committee. A summary of the budget is presented below. A copy of the budget may be inspected or obtained at 490 Church Street, between the hours of 8:00 a.m. and 5:00 p.m. or online at www.aumsvillefire.org. This budget is for an annual budget period. This budget was prepared on a basis of accounting that is the same as the preceding year.

Healthy Steps ONE HUNDRED MILE SUMMER WALKING CHALLENGE

Sunday, June 16 – Saturday, August 24 (10 weeks)

Those of you who participate in this journey will walk at least

ONE HUNDRED MILES THIS SUMMER – and you'll have a great time doing it!

You will also be helping Aumsville's Children

What can you win ?

More information to come

Registration Fees

Children/Youth (17 and under)	\$ 5.00
Adults (18-59)	\$10.00
Seniors (60 and better)	\$ 5.00
Families (2 adults and up to 4 kids)	\$25.00
Event t-shirt	\$10.00

DETAILS

1. Make sure you have good walking or workout shoes.
2. Set a walking goal – Make it achievable, but challenge yourself.
3. Two chances to register for the event . . .
 - **Aumsville Second Saturday Market on Saturday, June 8** at Porter-Boone Park from 9:00-3:00
 - **Community Picnic on Saturday, June 15** at Porter-Boone Park from 10:00-4:00.
 - If you are unable to register in person, please e-mail: APAC1@frontier.com
 - No refunds available.
4. Enjoy your summer of walking
 - See some great Oregon scenery
 - Walk as a family (You can get a family rate if you do all of your walking as a family)
 - You can sign up as a family, or sign up individually and make it a family competition.
5. Use a tracker and our tracking form to document your journey! (Begin on June 16 - This will be on the honor system).
6. Turn in your 100 mile victory form **by noon** on **Saturday, August 31** at the **Community Picnic** at Porter-Boone Park
 - The challenge goes for 10 weeks – from Sunday June 16 to Saturday August 24.
 - You will receive one drawing ticket for registering, regardless of how far you walk.
 - You will receive one drawing ticket for showing documentation that you walked at least 100 miles.
 - You will receive one drawing ticket for each additional 10 miles you have documented.
 - You will receive 5 additional drawing tickets for meeting the goal you have identified on your registration form.
 - Prize winners will be drawn during the **Community Picnic on Saturday, August 31**.
 - You don't need to be present to win (but please come)

SEE YOU AT THESE EVENTS!
